# Muhammad Fareed

## ABOUT ME

I'm Muhammad Fareed, a Full-Stack Developer skilled in building modern web and mobile applications using React.js, Next.js, Node.js, Express.js, and MongoDB. I'm passionate about integrating AI into real-world products and creating impactful, user-friendly solutions. With a Full-Stack Web & App Development Diploma from Saylani Mass IT Training and a strong academic foundation, I continuously explore tools like TypeScript, Firebase, React Native, and Socket.io. I'm currently seeking an internship opportunity where I can contribute to real projects, learn from industry professionals, and grow further as a developer.
